responsible for the discharge within the Jaghir limits excluding the Municipal area of all the obligatory duties of District Boards (except education) relating to roads, watersupply, sanitation, etc., and that the Government should be satisfied that in all these matters the reasonable requirements of the people should be adequately met, and that there would be adequate co-operation between the Jaghir authorities and the District Board. Mr. Nanjundaiya expressed himself as quite agreeable to these conditions, but he asked that the motor road cess realised in respect of motor bus licenses on the Jaghir roads may be paid to the Jaghir. This is reasonable and may also be conceded.

Final Note by the Second Member of Council.

Subject:—

Administration of local cess in Sringeri Jaghir.

In accordance with the orders of His Highness dated 2nd April 1929, the Jaghirdars of Yelandur and Sringeri were relieved of the administration of local cesses in their Jaghirs and the District Boards of Mysore and Kadur were made responsible for providing facilities in the matter of communications, public health, economic development and other amenities to the respective Jaghir areas.

Rao Bahadur Mr. N.S. Nanjundaiya, the Agent to the Jaghirdar of Sringeri discussed the matter with me and pointed out that the Jaghir spends about Rs.3,000 a year on 22 miles of road in the Jaghir excluding 2 miles in Municipal limits, which is more than the total local cess realisations in the Jaghir. The Jaghir authorities are not confident that the Jaghir roads will receive adequate consideration at the hands of the District Board. The District Board itself resolved in 1928 "that the present practice may continue", and it is not desirous of taking up the maintenance of these roads. Mr. Nanjundaiya represented that the Jaghir authorities might be permitted to retain the local cess realisations and maintain the roads themselves.

A percentage of local cess realisations is utilised for primary education. Having regard to the special and peculiar circumstances of the Jaghir, I am of opinion that the maintenance of roads in the Jaghir may be left to the Jaghir authorities who may be required to hand over 24 per cent of the local cess payable by the Jaghir for primary education and retain the balance

of the realisations of the local cess subject to the condition that the Jaghir authorities hold themselves responsible for the discharge within the Jaghir limits (excluding the Municipal area) of all the obligatory duties of the District Boards except education, relating to roads, water supply, sanitation, etc., and that they meet in these matters the reasonable requirements of the people to the satisfaction of Government. Mr. Nanjundaiya stated that he was quite agreeable to these conditions and requested that the road cess realised on motor vehicles plying on the Jaghir roads may be made over to the Jaghir. As this is reasonable I consider that this request may also be conceded.

My dear Dewan Sahib,

I left Bangalore the very day I saw you and came here the next morning. His Holiness is keeping very good health and made very kind enquiries of you, your wife and son, and conveys His blessings to you and the other members of your family.

After coming here, I learnt that the Government have ordered that the roads in the Jahgir area should be handed over to the District Board forthwith as also the administration of the local cess. I find that His Holiness feels very much that justice has not been done by Government in this matter, and I am desired to write to you personally this letter in that connection.

You may be aware that as regards the Municipality the Mutt had the benefit of half the gross income from the time the Municipality came into existence, on the analogy of the income of the C & M. Station, Bangalore. The Government wanted the whole income to be utilised for the benefit of the Municipality, and the privilege enjoyed by the Mutt for nearly half a century was also given up as the Swamigalavaru thought that the people would thereby be benefitted and as that amounted also as Dharma. As regards the Education cess, the cost of education in the Jahgir was being defrayed till recently entirely by the Government and that no cess was being levied in the Jahgir for that purpose from time immemorial.
